Objective

Seeking to leverage my programming skills as a BVoc graduate in Software Development, I am enthusiastic about Software Development. Eager to collaborate on innovative projects, I aspire to contribute to complex technical challenges and impactful solutions, that align with the company's approach.

Experience

Web Developer at Skillfinity Infoventures Pvt Ltd (Remote) (Aug 24 – Feb 25)

- Developing and designing web and app interfaces from scratch using React.js ensuring a seamless and user-friendly experience.
- Optimizing performance by implementing SEO standards, responsive design, cross-browser compatibility, and accessibility while managing UI development, testing, and bug fixes.
- Collaborating with teams of designers and backend developers to create scalable, high-performing interfaces, staying updated with the latest technologies for continuous improvement.

(6 months of experience in frontend development)

Frontend Dev at Informatrix It Solution Pvt Ltd (Onsite) (June 23 - Feb 24)
- Contributed to the development of the front end of the website using React.js
- Assisted in designing the website and integrating it with the frontend.

. Web Developer Intern at Take It Ideas (Remote) (Aug 22 - Oct 22)

- Completed a 3-month internship on front-end development using HTML, CSS, and JavaScript.
- Assisted in designing and implementing the website's user interface
